

PTA Vote Disappoints Leaders of Arts Program

More than 1,800 Arlington children and their parents must be wrong," so declared a statement released yesterday by the local Fine Arts Program committee.

The statement followed the announcement this week that at a recent meeting of the P.T.A. Council it was voted to "set aside" [the Program] for one year. It is understood that the vote was five or six to one in favor of the motion.

"There are indications of rising indignation from parents as news of the Council's action leaked out," it was declared.

It was pointed out that the three performances of "Heidi" last week were well attended in spite of the downturn.

A production of the Clare Tree Major Children's Theatre of New York, Heidi is one of three similar cultural performances brought to Arlington this season by the Fine Arts Program.

"It now seems that 'King Midas,' which was to have been merely the last of this season's productions, has been doomed by the Council's action to be the last that Arlington children will have the privilege of seeing within the borders of their own town." It was said.

The Fine Arts Program was instituted in Arlington six years ago so that school children might hear good music and see the best of the children's plays and classic ballets. The project was originated and perfected by Mrs. Hector MacNeil who has been its program director since its inception.

It is sponsored by the Arlington Council of Parent-Teacher Associations and financially supported by contributions of Arlington residents which enables varied programs to be offered at a minimum cost to the children.

The first performance was given in Robbins Town Hall on Dec. 6, 1947, when "Ali Baba" was performed.

A parent was quoted as saying, "The Fine Arts program was one of the very few remaining barriers to the general low grade type of television and radio programs to which our children are constantly subjected. It is their one contact, locally, with the world of worthwhile music and drama."

It was pointed out that although the P.T.A. Council voted that a portion of the surplus of Fine Arts Program funds be spent for further musical appreciation and that a committee would be appointed to study future sponsorship, "it is going to be a bleak season, culturally, next year for our youngsters."

Heights Baptists Call New Pastor

The Rev. Albert Russell Freeman has been called to the Heights Baptist church, it was announced last week. He succeeds the Rev. Charles M. Massey who is in military service as chaplain.

Mr. Freeman will begin his pastorate on Sunday, Feb. 8. He was born in Nova Scotia in 1919 and received his A.B. and D.D. degrees from Gordon College and Divinity School, Boston.

During his school days he served as assistant pastor in Melrose and Holliston. He was pastor of the Corliss Street Baptist Church in Bath, Maine, and from there he was called to the First Baptist Church of Whitman, Mass. in 1947, until he was called to the Arlington Heights Baptist Church.

He served as hospital chaplain and is now on the board of the Massachusetts Baptist Convention. He led the Whitman Church in the erection and dedication of a new building.

He is married to the daughter of Dr. Frank T. Litterin, a professor at Gordon College Divinity School and of Watertown, Mass., who is also an ordained minister. He has three children, all girls. The family will reside at 9 Palmer st.

CURRENT art exhibit at Robbins library of paintings by Robert L. Ardizzone is sponsored by the art committee of the Arlington Woman's Club with Mrs. Fred Butler, chairman.

Vote To Suspend Fine Arts Program For Next Season

At the executive meeting of the Arlington Council of Parent-Teacher Associations on Jan. 21, it was voted to suspend the Fine Arts programs for the 1953-54 season. Programs will be resumed in the fall of 1954, it is said.

During the intervening time, "a committee will study all aspects of the project hoping to make subsequent programs even more appealing to the children of Arlington," a spokesman for the Council said. It is understood the program scheduled for April 25 will be produced.

Arlington will be well represented at the State P.T.A. conference at the Statler today (Thursday). Mrs. John Pitko is a regional vice president and Mrs. Humphrey Sullivan is state secretary.

Participating in the program are Mrs. E. Warren Heaps Jr. and Mr. Kenneth Cameron, both members of the state board.

Delegates include Mrs. Spencer Dormitzer, council president; Mrs. Samuel Carlisle, Mrs. Maurice G. Kirkpatrick, Mrs. Daniel I. Webb, Mrs. Francis Keefe, Dr. Matthew Derow, Mrs. Frederick Burnham, Mrs. George Drew, Mrs. Martin Hoffman, Mrs. Harris Magnuson, Mrs. William Young, Mrs. William Stevenson, Mrs. A. This week the Woman's Aid Association of Symmes Arlington Hospital announced the launching of a drive to enlarge its membership of 500 to 1000. The Association was organized in 1911 by a group of women interested in working on various projects which would aid the Hospital financially.

Two rummage sales, one in the spring and one in the fall, a dessert bridge each spring and a book review each fall are conducted annually to raise funds.

The Board also depends in no small part on the dues, both annual and sustaining.

Bogus Check With \$14.35 Profit Brings Ultimate 35-Day Loss

(CNS—Special To The Advocate) Recently apprehended for passing "rubber" checks, with an Arlington storekeeper as one of his victims, Francis S. Piper, 32, of Montvale ave., Woburn, was committed to the Metropolitan State Hospital for a 35-day observation last Friday, by Judge Francis J. Good of the Middlesex Superior Court.

Last October 18 Piper presented a \$15 check at Sears and Roebuck, Inc., 667 Massachusetts ave., in payment of a 65 cent charge for the developing and printing of a roll of film. He received \$14.35 in cash.

The case had been under investigation by Police Inspector John J. Hourihan who told the court that Piper has a long previous record of larcenies.

Junkman Fined \$100 For Buying Stolen Supplies

(CNS—Special To The Advocate) A Massachusetts ave. junk dealer was fined \$100 and given a suspended jail sentence recently in Middlesex Superior Court after he pleaded guilty to receiving stolen goods.

Bernard G. Gorsun, 42, who operates his business at 1450 Massachusetts ave., was charged with buying new copper tubing, pipes and other stolen plumbing supplies from a Lexington man last October.

Gorsun brought about his own arrest when he reported the theft of several articles, including the plumbing supplies, from his truck while it was parked in the Heights MTA parking lot.

After an investigation by Insp. John Hourihan, it was learned that Gorsun had purchased junk from the same man on several prior occasions, all of the material having been stolen from the man's employer. Gorsun said he paid small amounts for the junk but did not ask who the owner was.

In passing sentence Judge Francis J. Good gave the defendant 2 years probation after suspending a 6-months House of Correction sentence and allowed him a week to pay the fine.

Delegates include Mrs. Spencer Dormitzer, council president; Mrs. Samuel Carlisle, Mrs. Maurice G. Kirkpatrick, Mrs. Daniel I. Webb, Mrs. Francis Keefe, Dr. Matthew Derow, Mrs. Frederick Burnham, Mrs. George Drew, Mrs. Martin Hoffman, Mrs. Harris Magnuson, Mrs. William Young, Mrs. William Stevenson, Mrs. A. When the bells sound and whistles blow, residents are asked to turn on porchlights to signify their intention to give to help support Arlington's 21 Polio victims for 1953.

Two Drivers Found Guilty By Dever

(CNS—Special To The Advocate) Two Winchester residents were in the East Cambridge District Court last week having been charged with serious automobile violations by the Arlington Police. Both defendants appeared before Judge Edward J. Dever.

Robert L. Hutchins, 22, of 2 Marchant rd., Winchester, a discharged Marine, was arrested by Patrolman George White after Hutchins' automobile crashed into a mail truck on Pleasant st., following a short chase by White. Officer White observed Hutchins' car turn into Pleasant st. from Massachusetts ave. at an excessive rate of speed and gave chase. The chase ended at Kensington park when Hutchins' car struck the rear of a mail truck.

Judge Dever imposed a \$15 fine for speeding and dismissed a charge of operating negligently.

Hutchins was given a medical discharge from the Marine Corps as the result of an injury. At the time of the auto accident he was enroute to work.

Had No License John P. Boland, 19, of Winchester, a student at a Cambridge preparatory school, was placed on probation until March after he pleaded guilty to operating so as to endanger the lives and safety of the public and operating after suspension of license.

Apprehended when he had to stop because of traffic, Boland was arrested by Patrolman James Doherty Jr. When the young defendant was asked for his license he told the officer he had left it home. A check with the Registry of Motor Vehicles showed that his license had been suspended.

Boland was stopped for having passed a stop sign at Chestnut and Medford sts. Judge Dever remarked, "This boy should not be allowed to drive a car."

Twenty-seven candidates will vie for eleven positions in the Town government. As the deadline was reached Monday afternoon at 5 p.m., every major office was revealed to be contested, except the 3-year term for Library Trustee.

A surprise contest appeared for Moderator when James W. Donahue of 56 Foster st. filed. Donahue's intentions were not widely known previously. He will face Harold E. Magnuson, incumbent. He is chairman of Precinct 3.

There are nine candidates for Selectman — three for each of the three terms. Several who were believed to be candidates did not file. William P. Murray who was thought to be in this race entered the Planning Board contest.

Observers agree that none of the nine are sure winners at this time.

Tuesday, Feb. 3, at 5 p.m. is the final hour for withdrawals.

CANDIDATES SHOW IN FINAL RUSH

By a tremendous surge at the last minute, rosters of candidates from all fourteen precincts for Town Meeting member were filled and overflowed by 5 p.m. Monday.

For the three-year term every precinct, except Precinct 12, had more candidates than vacancies. In Precinct 12 there are seven spots, seven running. Figures show that for the 81 vacancies for the full term, there are 117 candidates, assuring contests in 13 precincts.

The picture is not so bright in the 2-year, unexpired term column, with six vacancies and four candidates; in the 1-year column, it stands four spots open, five running.

CITES ERROR

Editor Advocate Dear Sir:

In the issue of the last Advocate, we notice the article, "Slate Proposed By East Ass'n", conveying the idea to the average reader that the East Arlington Town Meeting members Ass'n are endorsing candidates for election to office in March. This is an error.

We appreciate the publishing of notices pertaining to the East Arlington Town Meeting Ass'n, but we definitely do not endorse any one or more candidates for office. We would appreciate very much, if in the next issue a correction be made on this error.

Our next meeting will be held in the newly constructed Library building at the corner of Massachusetts ave. and Cleveland sts. on Monday, Feb. 9, at 8:00 p.m. We extend to you an invitation to be present.

Thanking you, I remain Very truly yours, Herman Ockenga, Sec'y. [We apologize for the error. Ed.]

AN OPEN LETTER

The Finance Committee
Chairman J. Howard Hayes
115 Claremont Ave.
Arlington 74, Mass.
Gentlemen:

In order that you may have a full understanding of the article now in the Town Warrant on Re-assessing Real Estate Valuations, may I state that it is not my intention to request your committee to approve the expenditure of any large sum of money.

Hundreds of residents have, from time to time, talked about this phase of town operation. They know that in other towns it has worked to the benefit of all. However, it is not my purpose, nor that of the other signers, to rush into it without an examination.

Hence, all I am requesting of your committee is that it approve the appointment of an official town committee to study the advisability of doing the job. I feel that all three members of the Board of Assessors should be on the committee and probably four more, either town officials, town meeting members, or others as you decide.

A small sum, for expenses only, of from \$100 to \$200 is all the appropriation the committee would need. I feel that a great deal is to be learned from such a study. Good government comes from such studies. The merits or demerits are not in question until an official town committee makes its study and recommendations, which may not come for a year.

People want to know about re-assessment—what it can do for them. Let's find out.

Respectfully,
George A. Harris
196 Cedar Ave.

SHOVEL SNOW FOR DIMES

Arlington Advocate
Dear Sir:

My son, Richard, has typed a letter to Mr. Clarence Marsh, offering a contribution of money to the March of Dimes which he and two other boys earned (These boys are all cub scouts of Pack 83.)

This is an exact copy of the note he typed to Mr. Marsh.

Dear Sir,

It started to snow hard last night. When I woke up this morning, the snow was one foot thick. I went outside and found there was nothing to do. I got together some boys and started to clean sidewalks at the price of ten cents a walk. First we cleaned an elderly lady's sidewalk, next we cleaned a man's sidewalk, etc. We worked three hours.

Yours truly,

Richard Wharton, age 9
6 Mott St.
Jay Platt, age 9
10 Mott St.
Dickie Kane, age 10
26 Mott St.

P. S. I am enclosing the \$1.24 we earned from cleaning sidewalks.

Sincerely yours,
Arthur O. Wharton

Korean Vet Is Home
On 30-Day Furlough

A3/c C. R. Beardsley arrived in San Francisco Sunday, Jan. 25 after completing his tour of duty in Korea and Japan.

He is expected home today for a 30-day furlough. Following this he has been assigned to Del Rio, Texas. His brother, Cpl. Roger W. Beardsley, will also be home on furlough for 10 days starting Feb. 2. He is attached to the 514th Anti Aircraft East Coast Defense.

Both men are the sons of Mr. and Mrs. George A. Beardsley of 20 Wellington st.

lectman (three year term) as Herbert O. Alderson.

In addition to establishing a highly successful business career, he has devoted more than twenty years to active community effort here in Arlington. For eighteen years he has served as a town meeting member. This experience certainly qualifies him as a man who understands Arlington people and their needs, and their wishes.

Sincerely yours,
Frederick L. Coes

AHS STUDENTS RANK HIGH IN MENTAL TESTS BY NAVY

Arlington High School students made an exceptionally good record in the recent examinations given by the navy for the selection of members of the Naval Reserve Officers Training Corps. Fourteen seniors at our high school passed the mental examination given, as well as two former students who are now freshmen in college. "We have received unofficial word from Naval Headquarters in Boston that more boys from Arlington High passed the examination than from any other high school of any size in Massachusetts," according to Elmer E. Barber, director of public relations. No reports have yet been received as to the results of the physical tests.

Fox To Make Survey For Ford Foundation

John B. Fox, 36 Pleasant View rd., candidate for Library Trustees, the office he now holds, has announced that he will have to conduct his campaign in absentia. Accompanied by his wife, he left Arlington January 22 on a round-the-world trip under the auspices of the Ford Foundation and Harvard University. They will return in May. Mr. Fox will carry out missions for the Ford Foundation in Turkey and India; during the rest of the trip, he will be travelling as a representative of Harvard University. He is Assistant Dean of the Harvard Graduate School of Business Administration. The Ford Foundation received a recommendation that a school of business be established in Turkey and asked the Harvard Business School to lend someone to

Surprise Phone Call

Mr. and Mrs. Howard D. Lovering and family, 154 Washington st., received good news Wednesday evening. A surprise telephone call was received from their son, Clarence, from Tokyo, Japan, saying he was out of Korea and waiting transportation for home. He has served 13 months in Korea with the Air Force. Before entering the service he attended Sanborn Seminary. He volunteered for service October 1950, and received his basic training at Lackland Air Force Base, Texas.

PLEASANT STREET CHURCH

Tuesday, 8:00 p.m., meeting of parents of kindergarten children in the vestry.

Monday, 1:30 p.m., meeting of the Anna Bradshaw Guild in the vestry. Speaker, Rev. Lewis Williamson of the Trinity Baptist church.

Despite the bad weather, members of the parish enjoyed another in the current series of old-fashioned bean suppers served in the church vestry on Saturday evening. Co-chairmen were W. Dale Barker and William J. Sinclair, who were assisted by Frank E. Carlson, Elwyn P. Cotton, John S. Ingebreten, Einar T. Larsen and Paul S. Rockford. Mrs. Herbert Rhodes baked and sliced the delicious hams.

Under the leadership of Donald W. Henderson, assistant minister, members of the Senior High Pilgrim Fellowship attended a weekend retreat at the Massachusetts Congregational Conference Center in Framingham. The group, which included Marcia Moltman, Helen Lyman, Natalie Roghaar and Robert Barney, was joined by representatives of the Pilgrim Fellowship of Plymouth Congregational church, Belmont.

Parents of children in the kindergarten department of the Church School have been invited to attend a meeting on Tuesday evening in the church vestry, when Miss Ruth E. Curry, newly appointed director of Religious Education, and Miss Dorothea Johnson, kindergarten superintendent, will discuss plans for a new departmental program. Miss Curry is the editor of children's publications for the Division of Christian Education of the national conference of Congregational Christian Churches.

Preliminary work is already under way for the raising of funds for the proposed new parish house. An intensive campaign will be undertaken in the near future.

Local Girl Wed In Air Base Chapel

Mr. and Mrs. Paul E. Wilson of 22 Montague st. announce the marriage of their daughter, Janet May, to Cpl. Robert George Van Horn, USAF, son of the late Mr. John Van Horn of Springfield Gardens, Long Island, N. Y.

The wedding took place on Jan. 16 in the chapel at Hamilton Air Force Base, California, where the couple are stationed. Air Force Chaplain Russell Knoebel performed the double ring, candlelight ceremony.

The bride wore a blue and gray suit, gray hat with veil and carried a white Bible to which was attached a white orchid with shower of orange blossoms. She was attended by Mrs. Dora Bordson who wore a lighter gray suit and hat and corsage of deep pink roses.

Best man was Sgt. Bernhart, USAF, of Hamilton A.F.B. and New York.

The bride's mother, who has been visiting her daughter for the past two weeks, was attired in gray metallic taffeta, pink hat and a corsage of pink roses.

After the ceremony a reception took place at the Cielo Radio Motel, Ignacio, California.

The bride is a graduate of Arlington High School and has served for the past two years in the medical service of the Women's Air Force.

After a short wedding trip the young couple will live in San Rafael, Cal. until Cpl. Van Horn has finished his term of enlistment with the Air Force.

CHURCHES OF CHRIST, SCIENTIST

The spiritual basis of man's brotherhood, as children of one Father, divine Love, will be brought out in the Lesson-Sermon entitled "Love" which will be read in Christian Science churches on Sunday.

The healing power of divine Love in the overcoming of fear is emphasized in this Bible passage, which will be among those read during the service: "There is no fear in love; but perfect love casteth out fear; because fear hath torment." (1 John 4:18).

Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include: "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth, and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease, and the true brotherhood of man will be established." (447:9-13).

The Golden Text is from Jeremiah 31:24: "Let him that glorieth in this, that he understandeth and knoweth me, that I am the Lord which exercise loving kindness, judgment, and righteousness, in the earth."

That Man About Town

By MAT

To: THE MENOTOMY INDIAN

c/o Arlington Advocate

Thanks for depending on us for a "different slant on things." We would be glad to "take off our gloves" . . . and give you some facts.

One reason we have held off is that we dislike to use the names of candidates for then we'd be declared biased. The other reason is that, until candidates are filed and can no longer withdraw, we'd seem "off base" to comment.

But, just for the "slant," we'll state that in the three slots of one-year, two-year, three-year terms for Selectmen are, in our opinion, six candidates who can not possibly win. We have heard "perfection" whatever that may mean. Others are placed in as candidates to cut down votes of stronger candidates, and some just cannot make the grade for performance has been lacking.

So, Menotomy Indian, give us a little time and we'll open up. The warrant article on "Re-assessing Real Estate Valuations" might appear to be a hot, political potato. However, this is not the fact. The sponsors are merely requesting an official committee of the Town to study this phase of government, and taxes.

Not only that, but they are requesting that the three members of our Board of Assessors be on the committee, which is as it should be. Thus the proposition is not too controversial. For, as the sponsors state, "Good government comes from such studies." With all the talk of real estate taxes and revaluation, it is time such a study was made.

The disposal of our rubbish will become a problem in a minimum of 5 years. This statement came from members of our Board of Selectmen who attended a city and town conference in Belmont two weeks ago. The session was called by the Metropolitan District Commission to obtain the attitudes of suburban areas to joint cooperation on the erection of incinerators to serve several communities.

Waste disposal has become an acute problem: incapable of comfortable handling by each municipality separately from the others. Costly installations are required, and they are suitable for the use of more than one community.

We recall a committee of the Town appointed in 1938 and discharged in 1940 which studied the subject. The opposition to such a building for incinerator purposes overwhelmed the project. In 1945 a Reclamation Plant committee was appointed which reported no need, at that time, for the construction. This committee was disbanded in 1948.

With garbage disposal now entering the picture, it seems very advisable to set up a new official committee on the subject. It may be, we are told, that the use of garbage by the piggeries of Middlesex County will be curtailed, if not stopped. This is due, to a great extent, by disease affecting the animals.

In any event, the critical situation is nearly upon us and some study must be given the subject.

President Eisenhower wore a black Homburg at his inaugural ceremony instead of the traditional silk topper. (Probably didn't want to disappoint all those people who expect him to pull a rabbit out of the silk hat!)

[The opinions of MAT do not necessarily coincide and often do not, with ours—Ed.]

Friends Of Drama Hear Author Of Current Play

The regular business meeting of the Friends of the Drama was held at the clubhouse Jan. 25, with Edward W. Center, president, presiding. In his greeting he reminded members that it was the 30th birthday anniversary of the club and focused attention on the beautiful flower arrangement by Miss Myrtle Hoeg (Park Florists) honoring the event.

William McCleery, recognized playwright on Broadway, author of the club's next production, "A Play for Mary," was introduced. By his witty analysis of the background of the play, his experiences with former productions of Mr. McCleery proved to be an interesting speaker.

F. Stanley Glynn, assigned to the duty by Miss Virginia M. Brooks, music chairman, introduced Kalman Novak, conductor of the Philharmonic Society, as guest piano artist. Mr. Novak's renditions of a Haydn Sonata and three Chopin pieces deserved the hearty applause he received.

Coffee and sandwiches were served by Dorothy Wheeler, Mrs. Carl Thoren Jr., Barbara Thomson, Inez Frost, Grace Shaw, Katherine Currier, Mrs. J. Nelson Berry, Mrs. Edwin Morse, and Mrs. T. Ernest Ward, with Mrs. Samuel C. Martin as chairman.

Mrs. Edward W. Center and Mrs. Russell T. Hamlet poured.

Thirty Alderson-for-Selectman workers showed their enthusiasm when they turned in nomination papers to Herbert O. Alderson, candidate for the three-year term, with 2500 signatures. Only 392 names were required by law.

Leaders pointed to this as being strong evidence of support for their candidate.

Many house rallies have been scheduled for the month of February, it is reported.

Revaluation a "Gold Brick" - Patterson

William S. Patterson, candidate for Selectman, 2-year term, charged this week that the plan for a revaluation survey of real estate, proposed by George A. Harris, is a "gold brick." Harris, prominent in local politics for many years, is running for the same office, same term.

Patterson's statement: In last week's Advocate the claims made for a revaluation survey of the town's taxable property, as a means of reducing taxes, seem fantastic to me.

I would like to know how juggling valuations is going to reduce taxes for the vast majority of the taxpayers, bring extra revenue to the town treasury, and pay for the admittedly expensive survey over and over again as stated in the article. I don't know where the sponsor of this scheme got his information, but his claims make it look like a gold brick to me.

There is a lot of talk going the rounds about these \$100,000 surveys and it isn't all favorable by any means. I have heard that towns with their surveys still incomplete are tremendously upset over the tax changes. It might be well for this party to investigate his informants further before he tries to sell his scheme to the town meeting. No one wants the town to buy a gold brick that will only result in headaches for our assessors.

They say the plan merely shifts part of the valuation load from the new houses to the old houses. This, I presume, is because the older houses have, of late, been bringing better prices, and the new houses, because of their taxes, have been making the complaints.

With new home owners in the minority, and they getting the tax reductions, it is reasonable to presume that the others must stand the increases necessary to make these reductions possible.

It looks to me more like a plan where the small minority (Continued on page eight)

FINE ARTS PROGRAMS—THE FUTURE?

The action of the P.T.A. Council in withdrawing its support of the Fine Arts Programs for 1953-1954 came as a distinct surprise to many. Those most closely associated with the Programs are naturally disappointed. The Council also voted to designate a committee to study the problems. This committee will come back with a recommendation, whether or not the Council should resume sponsorship in 1954-1955.

On the one hand, we understand some members of the Council (the majority, obviously) feel that the Programs have become too "heavy" for children audiences and that the format and procedure has become stagnated. It is probably felt that the Programs have not developed, an automatic response after seven years of productions.

The Council proposes to make a clean break and to take a year off on the matter to re-evaluate and, possibly, redesign the Programs or, not so possibly, drop them.

On the other hand, it is evident that others are pointing out that a loss of momentum is bound to occur during the one year's suspension. They feel that the Programs have proven their worth as attested by the fact that the treasury shows a comfortable plus balance, that children have attended by the thousands in all kinds of weather and despite diverse counter attractions.

These people feel strongly that the current losers are the children.

There is no doubt that an unfortunate clash of personalities has occurred in the whole matter. This is and always will be a problem when people work with people.

We think all concerned should be thanked for their hard work over the past years and we hope the chosen course of action works out.

Of one thing we are reasonably sure—that there are enough people in this Town interested in the cultural phases of our life to see to it that the Programs, or their equivalent, are not dropped permanently.

We feel that the P.T.A. Council with its many worthwhile activities, more closely connected with its original purposes, might act to "endorse" the Programs rather than "sponsor" them.

A LONG, LONG MEETING

Town Meeting members who face an 85-article annual warrant have our sympathy. It is a tough agenda and it may require a record number of nights before adjournment.

Let everyone become discouraged before the meeting even starts, we would like to point out that there are several ways open to help the situation.

1) Could the Town Counsel find more spots where the complete reading of the article, particularly descriptive spots, by the Moderator could be dispensed with by unanimous consent of the members? We are told that some relaxation of rigid rule has been effected in other towns.

2) Greater attendance and study at the pre-Town Meeting precinct meetings.

3) The members could vote early in the session to limit speeches to a certain length; then grant extensions where they are obviously needed.

4) The Town Meeting should establish a Standing Rule that any non-member, granted the floor, should be limited to five or ten minutes unless it is specifically voted to extend the time.

The latter has always been a nemesis. At nearly every session we have attended, some townsman has been courteously given the floor yet has discourteously talked on and on. To add to the woes, this talker frequently has only his own petty axe to grind.

VACATIONS FOR TOWN EMPLOYEES

As we understand it, three week's vacation for Town employees with five to fifteen years' service and four weeks after fifteen years will be proposed at the annual Town Meeting.

We are opposed. We favor broad benefits to all employees. We favor shorter hours, more pay, shorter week for everyone when and if the economy can afford it. Through these we show progress in a higher standard of living.

Vacations are another problem entirely. Ask any manager of any business or municipal enterprise and he will tell you that vacations boost costs terrifically and are a headache generally. Not only that but the longer the vacation, the greater the problem—by geometric proportion. Adding length to vacations is adding more grief.

The main point is that we are about to install a Town Manager. Why saddle him with a blanket regulation now? The proper course in this matter should be proposed by him and then approved by the Town Meeting.

Town of Arlington

What happened to the promise given a year ago—that you believed that proper classification and re-classification of Town employees had finally been accomplished? Seems like a lot more changes are proposed this year.

WILL SUPPORT MANAGER

To: Mrs. Milton Anderson
Chairman
Committee of Citizens
For Town Manager

Dear Mrs. Anderson:
Your forthright letter in last week's papers regarding proper support of a Town Manager requires a forthright answer. This is it.

I shall, as Selectman, support the Town Manager 100%. I shall work to the end that he will be given all the authority possible under the Act. Responsibility without authority is valueless.

I shall support any and all decisions he makes as long as the purpose is an honest one. I shall not only give him the time normally required in Selectmen's meetings but will give him all my available time.

I agree that he should have the full confidence of the Board as you suggest, but I will go a step farther. All of my twenty or more years of town activity along governmental lines, in experience and knowledge, will be at his complete disposal.

We citizens have, by a majority vote, instituted Town Manager as part of the town's operation. We must support it to the fullest extent. It can lead to economies and efficiencies that will place Arlington among the best-run towns in the country.

Who can be opposed to that kind of happiness?

Respectfully,
George A. Harris

WITHDRAWS CANDIDACY

The Editor

Arlington Advocate

Dear Sir:

On the advice of Doctor Foley at the hospital in Boston, under whose care I have been for the past eight months for a heart condition, it becomes obligatory for me to withdraw my name from the 3-year contest for the office of Selectman in our town, much to my keen disappointment and chagrin.

May I, through your paper, express my sincere thanks and appreciation to the host of workers in my behalf and to the more than 700 Arlingtonians who so graciously and willingly affixed their names to my nomination papers for this office. Their support in this respect is deeply appreciated.

In closing out my own personal interest at this time, it would be further appreciated if these 700-odd citizens who believed in me would express comparable interests in the efforts and endeavors of Mr. Joseph Greely, candidate for the office of Selectman for the one year term.

Thank you.
Sincerely,
Albert J. Fuller

saves and the vast majority pays; but according to all accounts, even the small minority has their reductions wiped out in the two years of corrections which follow the survey. So no one wins in the end, except those who collect.

Perhaps my mind is too old-fashioned for these times, but the only way I know of to reduce taxes is to stop careless spending and eliminate waste. Hiring a Town Manager for this purpose is a good step in the right direction. However, he will not have control over that extra spending that goes on at town meetings which adds dollars to our tax rate.

Criticism to be helpful must be constructive. I am told, so here are my suggestions, any one of which I think will help reduce our taxes.

Suggestion #1.—To Town Meeting members: Follow the recommendations of the Finance Committee to the letter unless a gross mistake is very evident. Don't place your hurried judgment above theirs. They have had the benefit of longer and more detailed studies. They are intelligent and capable men. We hold them, not you, responsible for careful spending. Don't let one or two of your fellow members lead you into running the town from the town hall floor. Year after year this happens, stepping up the taxes of the constituents you are supposed to represent. This does your dignity an injustice and upsets the work of a valuable committee.

Suggestion #2.—To the Voting Public: Know the town meeting members in your precinct and learn if they really represent you at the Town Meeting. If not—when they again come up for re-election, get out and work to replace them.

Suggestion #3.—To a Committee: Find ways and means to limit a pre-determined tax rate in such a way that it will not obstruct progress.

I admit this will take a bit of doing, but we have an excellent Town Council.

A Tip to Town Meeting members—When ringing doorbells to get signatures for my nomination papers I learned that all home-owners I called on wanted something done to reduce taxes. A word to the wise is sufficient.

P.S.—I have just heard that the Bennington, Vermont, taxpayers are "up in arms" over a revaluation survey, and two town officials in Sherburne Center, Vt., were relieved of their duties because of one.

AND THEY'RE STILL HANGING AROUND

ACROSS the DESK

ideas from other editors

From The Sylacauga News, Sylacauga, Ala.: A "talking horse" has hit the headlines lately, answering many unsolved questions. This is all right if you can believe a horse. My experience has been that they are unmitigated liars. Once or twice I have inquired of one of the breed how he was coming out in a particular race, and he gave me the wrong answer by half a track. Of course he might have failed to tell the jockey what he told me.

From The Lincoln Times, Lincoln, N. C.: Today most of us talk about billions as casually as people used to talk about thousands. And that's largely a result of the trend of government in recent years. Our national debt is around \$260,000,000,000 and annual spending has been rolling merrily along at an \$80,000,000,000 rate. So figures large enough to tax the imagination of a first-class mathematician are commonplace in public discussion.

In view of this, a Reader's Digest item on just what a single, solitary billion amounts to should be of wide interest.

Suppose that your family started a business with a billion dollar surplus in the year A. D. One. And suppose it had been so badly and extravagantly managed that it had lost \$1,000 every day of the 1952 years that have gone by since then. You wouldn't have to worry about it—you'd be a long, long way

from broke. For you and your descendants could go right on losing that \$1,000 a day until the year 2739 before you'd run out of money!

That's how big a billion is—a solitary billion, not five or ten or fifty of them. It indicates the incredible extent of today's government spending. It shows how much every taxpayer has to gain from government economy and efficiency. Thoroughly documented surveys say that Federal spending alone would be cut by as much as \$10,000,000,000 a year without hurting any necessary activity. It's your money they've been so busily throwing away in Washington.

It must be because they marry so often these days.

BUDGET "BALANCES" . . . Sen. Styles Bridges (R), N. H., chairman of Senate appropriations committee, weighs Truman's farwell spending budget of \$78,587,000,000. GOP leaders promise reduction.

HEADS COLUMBIA . . . Dr. Grayson L. Kirk has been named to succeed Gen. Eisenhower as president of Columbia University. Kirk has been acting chief since Dec., 1950.

Scanning the News

SINCE the Republican landslide of November, the average man has been wondering what approach the new congress would take toward a cut in taxes. Last week, with congress just getting down to serious work, an opinion was being formed and expressed.

Leaders in this legislative body, Washington news reports say, are just about agreed that they can not promise too much in the way of a tax cut too soon. First must come a balanced budget.

Representative Charles A. Halleck of Indiana, majority leader in the house, had this to say on the subject: "I think first of all a major objective of this new administration must be to balance the budget, and we're not going to be reckless with the finances and the financial structure of this country. But at the same time I think that we must drive to cut the cost of government and, doing that, to bring about a tax reduction."

One of the leading news stories in the nation's press the past two weeks has been Winston Churchill's visit in the United States. His talks last week with leading national figures has caused considerable speculation, especially his talk to Dwight Eisenhower. In that connection, it is interesting to recall what the two men have written about each other in the past. Here is what Churchill wrote about Eisenhower: "Eisenhower was a broadminded man, practical, serviceable, dealing with events as they came in cool selflessness."

Eisenhower wrote this about Churchill: "Mr. Churchill was a man of extraordinarily strong convictions and a master in argument and debate. He was a great war leader and he is a great man."

On his arrival in the United States, Mr. Churchill put forth these views on various subjects:

1. Now that Britain possesses an atomic weapon, she would like to be a "useful partner" of the U. S., but has been deprived of the exchange of information promised by the late President Roosevelt.

2. The Korean war has improved the chances of world peace.

3. The possibility of World War III has receded, but has not entirely disappeared.

4. His country wants "trade, not aid" to regain her economic strength. He termed the present U. S. trade policies as "unsatisfactory" and hampers the sale of British goods in this country.

One of the most shocking reports to reach public print in many months was the recent Army statement that 46,000 enlisted men have deserted since the start of the Korean War. All of them, except 11,000, have been picked up and returned to Army service, the report said.

The Army officer who made this information available added that the desertion rate during the current hostilities was less than half of what it was during one 12-month period toward the end of World War II.

Besides the Army, the Air Force, Navy and Marines reported an additional 2,790 deserters. In all, if this Army report is correct, there are 13,790 deserters from the services roaming the streets of America.

Current regulations classify a man as a deserter if he is absent without leave more than 30 days. These figures, the Army said, does not count men merely absent without leave.

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

MARGARET SHAW, 2193 Pennington, Trenton, New Jersey, as a child of ten years was worried because she thought her mother would become totally blind. Her mother had already lost the sight of one eye. She remembers so well how she lay awake at night and worried. She couldn't help hearing everything that went on in the night. Mother would have spells of dizziness and lose her sight temporarily. Her dad would rub her mother's back vigorously since improvement in circulation seemed to bring back her sight. Her mother had had the very same symptoms before she lost the sight in the other eye a few years previously. All attempts to save her sight in that eye had failed.

Margaret says she can remember well how her older sister wept until she thought her heart would break. She can't remember that she cried a great deal, but she worried and lost much sleep. Finally she realized that she wasn't helping her mother by worrying; that there was much to do with the twins and other younger members of the family needing attention. Young as she was she knew this problem was too much for her to handle, that there was a far greater Power to help in such a situation. She prayed hard and often. Not only did she pray, but she figured out just what she would do to help her mother in case she did lose her sight. She would read to her and describe all the flowers and plants that she loved so much.

Well, fortunately she never had to do any of these things because her mother never lost her sight completely; God answered Margaret's prayers.

Gamma Globulin Provides Temporary Polio Immunity

WITH the nation's polio cases mounting steadily during the last five years, news that research and scientific tests have demonstrated the effectiveness of immune serum globulin in giving human beings some degree of temporary immunity against the disease will be particularly welcome in rural areas where it has struck hardest.

The serum—commonly called gamma globulin—is a protein fractionated from human blood. Now the American Red Cross has been requested by the Office of Defense Mobilization to expand defense blood collections in an effort to make gamma globulin available during this summer's epidemics.

Working at full capacity, the country's pharmaceutical laboratories will be unable to produce sufficient gamma globulin for all persons who will be exposed to the virus—an estimated 2,000,000 children living in anticipated epidemic areas. Allocation and distribution of the serum, therefore, will not be handled by the Red Cross, but by some other agency yet to be designated by the O.D.M.

Discovery of the usefulness of gamma globulin followed scientific tests during the past two years in Provo, Utah; Houston, Texas; and Sioux City, Iowa, under the auspices of the National Foundation for Infantile Paralysis. The gamma globulin used in these experiments

also was provided by the Red Cross.

While no one can predict the incidence of polio in 1953, figures seemingly speak for themselves. The case rate has increased steadily since 1946 and last year's total of 57,000 reported cases not only was an all-time high, but was also more than two and one-half times greater than the annual average for the past 15 years. Many of the 1952 cases were in such predominantly rural states as Nebraska, Iowa, Minnesota, South Dakota, Kansas, New Mexico, Wisconsin, Texas, Kentucky and Michigan.

The Foundation reports that polio invaded the nation's farms with savage frequency last year. In Mapleton, Iowa, for example, 11 of the 14 children of Joe and Clara Thiel were stricken; while in Taylor, Wis., five out of eight children in one family contracted polio.

The Red Cross also will continue its primary responsibility as the coordinating agency for the collection of whole blood for the armed forces, national defense and civilian hospitals as part of the National Blood Program under O.D.M. auspices. Since the Red Cross launched its present blood program in 1948, it has procured—with the help of cooperating community blood banks—over 8,180,000 donations of blood for civilian use and for national defense.

CHILDREN NEED MORE DENTAL CARE

Children's Dental Health Day very indicated that 10 to 12 year old children were receiving only 30% dental care.

He outlines the following rules:

1. Parents must know that children need to visit the dentist even before they go to school.
2. Children should visit the dentist at the regular intervals he suggests throughout school years, including high school.
3. Intelligent eating is necessary for good teeth and mouth tissues. At home and in school lunches, children must have milk, eggs, meat, poultry, breads or cereals, butter, vegetables, and fruits every day.
4. Both gums and teeth should be brushed after eating. When brushing is not possible, the mouth should be rinsed well.

The extent of neglected teeth among children in this part of the country is pointed out by Dr. M. Michael Cohen, chairman of Children's Dental Health Day, and Stomatologist of Boston Floating Hospital, who says, "All of the communities in Massachusetts should be alerted to the prevalence of dental diseases in the child. Surveys of Civil War inductees, and in each war thereafter, through World War II, have shown that dental disease was the most prevalent defect seen in the young soldier in Massachusetts."

Dental health among local children parallels that found by Dr. Cohen in a study of children's teeth in a group of metropolitan Boston schools.

In describing the study he says, "Recently in a dental survey in a group of metropolitan Boston schools, it was estimated that there were approximately five unfilled cavities in the average child's mouth. In addition, a statewide survey of 8148 children last year showed cavities were accumulating faster than teeth were being filled. This sur-

FAVORITE RECIPES IN LOCAL KITCHENS

Mrs. Donald F. Bresnan of 1125 Massachusetts ave., has graciously let us publish one of her favorite recipes this week. She writes: "I hope you will like these Date and Nut Bars as much as we do. Now that schools are on one session, they come in very handy for lunches."

DATE AND NUT BARS

1/2 cup shortening
3/4 teaspoon salt
1/4 teaspoon cinnamon
1/8 teaspoon nutmeg
1 cup sugar
2 eggs, unbeaten
1 1/3 cup boiling water
2 cups dates, chopped
1/4 teaspoon soda
1 cup sifted flour
1/2 cup nuts, chopped

Blend shortening, salt, cinnamon, and nutmeg. Add sugar gradually and cream well. Add eggs, singly, beating well after each addition. Pour boiling water over dates and let cool. Add to creamed mixture and blend. Sift soda with flour. Add to creamed mixture and mix well. Add nuts and blend. Spread mixture in 10 x 10 x 2" greased pan. Bake in moderate oven at 350° F. for 45 minutes. Cut in squares. Shake squares individually in bag of powdered sugar until coated. Makes approximately two dozen.

PROTECT YOUR HANDS!

Use Hand Cream — Wear Dust Mitts . . .

(photograph courtesy of Trushay)

Woman's work, they say, is never done; and most of it can be pretty rough on your hands. It can be; but it need not be if you protect them with a good hand cream or lotion before as well as after doing household chores. For instance, when you roll up your sleeves to tackle the cleaning, apply a non-sticky cream or lotion to the backs of your hands, massaging it well onto the backs, the fingers, and the wrists. This, say the makers of Trushay, will provide a good protection against dust and grime, and will help keep your hands smooth and lovely looking. Repeat this beauty routine when your work is finished. For convenience, keep an extra jar or bottle with your dusting and polishing supplies. . . . For even further protection, wear dust mitts. For free instructions for mitts which you can crochet quickly and inexpensively from a non-irritating rayon and cotton yarn, send a stamped, self-addressed envelope to the Women's Editor of this paper.

MINK OR SABLE? ASK THE LABEL

Garment designers have ignored the Washington slogan: "All we have to fear is fur itself!" They have gone all out to put mink, fox and ermine tails on everything from suits, sweaters, knit dresses, dinner dresses, etc. Ermine will no longer be petticoats.

Whether fur is made into a coat, cape, stole . . . or used as a decorative trim . . . The National Institute of Cleaning and Dyeing warns that it deserves special care and attention in cleaning. Fur-trimmed garments must be handled as special items. Changes have been made in labeling of fur garments. Under the Fur Products Labeling Act, many of the old names are passe. Instead of buying Coney or beaverette, it will be rabbit; instead of Hudson Seal, it will be dyed muskrat; Kid will replace the names Caracul or Chinese Kid; dyed fur seal replaces Alaska seal; Hudson Bay Sable will be American Marten or American

Clouds have no monopoly on lovely linings . . . take this Avisco rayon crepe coat dress, for example. Turquoise taffeta lines the wraparound front fold of this elegantly simple dress, giving a newly dramatic effect to the ever-popular coat dress style.

To buy or to make . . . rayon crepe dresses are important news for Spring. Send for the new, informative leaflet "The Romance of Rayon Crepes" which gives the history, care, and sewing tips for crepes. For your FREE copy, mail a stamped, self-addressed envelope to the Women's Editor of this paper.

CHICKEN DINNER IN 20 MINUTES

GONE are the days of the limp-necked, unplucked poultry grandmother singed, scraped, trimmed and roasted for hours! Today's tender, specially raised birds now come in neat cellophane packages—dressed and ready to cook quickly.

Here, for example, is a 20-minute meal suggested by the makers of Sylvania Cellophane, the film used for meat packaging. It's built around a package of broiler halves or parts (dotted with butter and broiled 15 minutes), a green vegetable, hot rolls and jellied cranberry. The chicken broth becomes a delicious gravy, when you add flour and water.

Incidentally, poultry is the only product from your self-service meat department which should be ventilated during refrigeration. Just open one end of the package. All other meats stay fresher when stored in their closed cellophane package.

Red and Gray Jottings

by Janet Kirschbaum

The Senior Class has voted to wear the royal blue caps and gowns which were first worn by the class of '52, at their graduation this June.

Congratulations are due to the basketball team, as they are now leading the Suburban League. The locals won the game against Waltham, 58-43 Wednesday afternoon, Jan. 21, which had been cancelled on Jan. 9. The Red and Gray also won their game last Friday, played against Watertown, 50-39. Their next two games will be at Cambridge on Jan. 30 and here against Brookline on Feb. 3 at 3 p.m. It has been mentioned that the team needs much more support at its games. Fans certainly should be proud of the team!

Last Friday morning, Donald Bresnan, A.H.S. Class of '38 spoke to the whole school over the public address system about polio, especially in Arlington. Among many facts he gave about the dread disease, he said that there are now twenty-one cases in Arlington. The message was given in preparation for the collection for the March of Dimes which was taken in the home rooms Tuesday morning.

The A.H.S. hockey team won its last game of the regular season last Friday night and ended the season by being at the top of the G.B.I. League, when they beat Cambridge Latin, 6-2. The playoffs will begin Friday night, Jan. 30, at 7:30 p.m. at the Garden. The second playoff will be held there on Feb. 6 and the third there on Saturday, Feb. 14.

Congratulations to the team for their splendid team work! Continued success in the playoffs!

Mr. Carl T. Witherell, an ex-teacher at High School, spoke to a history class about setting up an education system in Korea. It seems as if this system certainly should be carried out.

Arlington lost its second track meet of the season to Watertown last Saturday afternoon, 42-35. However, Arlington placed first in six out of the nine events—the 50-yard dash, shot put, 300-yard run, 600-yard run, mile run, and the relay. The locals came in second in the 1000-yard run, and third in the mile. The Red and Gray will have several entries in the State Meet to be at Boston Garden next Saturday afternoon, Jan. 31.

Arlington High School's "Record Poll" was broadcast over WHDH on Bob Clayton's "Boston Ballroom," Tuesday afternoon. All of the High School students enjoyed voting.

A Record Hop was held at the Town Hall last Friday night with Ed Penny as the disc jockey. All the teen-agers enjoyed dancing to their favorite currently popular records. The WTAO disc jockey will hold another Record Hop there on Friday night, Feb. 13.

The Student Council is doing a fine job this year under the capable leadership of its president, Billy Marino. It is sincerely hoped that Mr. Sexton, High School French teacher, will recover from his illness and return to school soon. Best wishes to Donny Seager, captain of the 1953 football squad. Among several students at High School from other high schools are: Ann and Kay Thorpe, two "Southern Belles"; James Barker, studying here for the year from Milwaukee, Wisconsin; James Flanagan, from Oswego, N.Y.; Barbara Brandt, from Berlin and Stuttgart, Germany; Mehran Nasr, from Iran; and Joyce Bertram, from New Hampshire. Bernadine Cosman, a sophomore honor student and talented violinist, will play a solo at the combined Arlington and Winchester Assemblies, Jan. 30 and Feb. 6.

Society Honors Memory Of George A. Smith

A resolution in recognition of the loss by the death of George A. Smith, a charter member, vice president and generous benefactor, was read by Arthur O. Yeames, at the meeting of the Historical Society, held in the Unitarian church vestry on Jan. 27.

Other members of the resolutions committee were Rev. John Nicol Mark and Miss Marion E. Shirley. Recognition of the death of Mrs. J. Albert Robertson, a long time member, was also observed.

Miss Edith M. Winn, member of the program committee, introduced Mrs. W. B. Henderson, who read an interesting account of a motor trip, which she, with Mr. Henderson had enjoyed. The title of the paper, "A Visit to Some Southern Historical Shrines," not only described sacred landmarks but outlined the historical background of places and famous people.

In the absence of Rev. Laurence L. Barber, president, who is lecturing in Florida, Mrs. George B. C. Rugg, 2nd vice president, presided.

Miss Marian E. Mead reported a meeting of the Bay State Historical League held Jan. 24.

Church Named In Thompson Will

(CNS—Special To The Advocate)

An Arlington man has made a \$1000 gift to the Pleasant Street Congregational church, papers filed in Middlesex Probate Court recently reveal.

The gift to the Arlington church was given specifically to the Anna Bradshaw Guild.

Requests were also made to two Arlington women, Sarah R. Kendall, \$1000, and Helen L. Hatch, a cousin of the deceased, \$2000. A former resident, Edith Sawyer Bourne, friend of the late Mrs. Thompson, was left \$2000.

PRAISES RUBBISH CREW

Recently the Board of Public Works received the following letter:

I should like to commend your ashes and rubbish collection crew, especially the unit which collects on Tanager st. They usually appear at about 8 o'clock each Friday morning. On the morning of Jan. 9, despite the snow storm, they were here at 8 o'clock.

I had put out some cartons in addition to my barrels. The cartons had become partially buried in the snow, but your men carefully dug them out and took them away.

It is gratifying to see at least one of the town departments operating with such efficiency.

Yours truly,

Would Regulate Funds For Old Age Benefits

Rep. Hollis M. Gott is reported favoring a Bill, sponsored by Rep. Charles F. Holman, which seeks to regulate old age assistance.

The bill is described as one which would prohibit cities and towns from absorbing the amount of increase granted under the social security act to Massachusetts old age recipients, so that they will receive full benefits granted by the federal social security law.

Rep. Holman claims that persons receiving old age assistance necessary to meet the budget set up by the Division of Old Age Assistance are not receiving any of the increase provided by the federal act, effective Oct. 1, 1952, because cities and towns are decreasing the amount of assistance and applying the increase toward their budgetary needs.
